Case #
15-00817

Time ~~10:10~~ of occurrence.

During the evening of Sunday. Approximately 8:30pm. At Kevin Kramer's apartment on Gooding St in LaSalle. Our daughter, myself + Mr Kramer were at his house. I was supervising visitation between Kevin + Madeline. I do that because I'm concerned that after Maddy has alone time with her dad, she shows sexual abuse symptoms—physical + behavior such as sexually explicit behavior (a long list of more symptoms). I witnessed Kevin fondling Madeline's genitals through her clothes and diaper. Madeline's reaction was confused she kept looking down at his hands touching her there + back up at him. Madeline runs from her dad anytime she sees him anymore. I ~~expressed that this was~~ I said to Kevin "So the reason why Madeline is showing sexual abuse symptoms after being with you is because you are touching her privates inappropriately and his response was "So, you making a big deal out of it is worse, why can't you just be cool!"

I have read the above statement consisting of 1 pages and attest that it is a true and accurate account of the events which took

on or about 10-10-2015. It was given to me voluntarily, without any fear of threat of promise of reward.
